

COMMITTED TO SUSTAINABILITY

Environmental Stewardship Program (ESP)

As a leader in frameless cabinetry, we're committed to being environmentally responsible. Europa Cabinetry is a certified brand in the Kitchen Cabinet Manufacturers Association (KCMA) Environmental Stewardship Program. The program recognizes companies that demonstrate an ongoing commitment to sustainability including the use of environmentally responsible materials in cabinet products and minimized environmental impacts realized through recycling wastes and using low emission coatings. By achieving this certification, Europa Cabinetry is going beyond minimum requirements and demonstrates leadership in growing a sustainable company.

Visit the KCMA Environmental Stewardship Program website for more information about green building and sustainability efforts: www.kcma.org/certifications/environmental-stewardship

We are proud to announce that Europa products meet or exceed all CARB formaldehyde emission standards and are CARB II compliant.

California Air Resource Board (CARB)

CARB Phase 1 and Phase 2 Compliance

In order to be as green as possible, Europa Cabinetry produces cabinets made from engineered furniture core and plywood materials which are made from 100% pre-consumer recycled materials. Additionally, Europa makes their cabinets from panel materials that have an extremely low formaldehyde content.

Europa Cabinetry is a brand of Norcraft Companies.
Norcraft Companies is a part of the MasterBrand Cabinets Family.
